GOING BEYOND.

# Protecting Facilities, People and Environments.

Protecting production environments and workers by keeping workspaces clean, performing and looking great.

fluidtechs.com  
713-236-0812

Production slowdowns or safety hazards as a result of dirty environments increase cost and downtime.

Clean facilities and workspaces, proper handling and removal of solid or liquid waste and regulatory-compliant fluid overcome common production environment problems. Keep facilities clean and benefit from:

- Fewer trip and slip hazards
- Higher operator satisfaction
- Improved productivity, lower loss rates
- Fewer process interruptions
- Extended facility and equipment lifespans
- Regulatory and environmental compliance

# Protection. Safe and effective work environments.

Keeping your facilities, workspaces and people safe and effective. Helping you achieve or remain in compliance.

Ensure facility, operator and environmental protection through industrial janitorial services and waste disposal programs, along with many other services.

**360° of facilities and equipment excellence that keeps your production environment clean, efficient, safe and in compliance.**

#### INDUSTRIAL JANITORIAL

- Floor maintenance (sweep, mop, and scrubbers)
- Production area cleaning (chips and fines)
- Move-in/out cleanup
- General shop cleaning
- Pressure washing
- Machine housekeeping

#### LIQUID/SOLID WASTE DISPOSAL

- Coolants (soluble oil, semi-synthetic and synthetic)
- Oils and oily water
- Cleaners (water-based or solvents)
- Filters and floor absorbents
- Hydro-static testing fluids
- Solid and hazardous waste

#### OTHER SERVICES

- Chip Processing (Pucking and Squeezing)
- Chip Bin (removal/replacement)
- Production area cleaning (chips and fines)
- Material recycling (cardboard and tools)
- Chemical inventory control services
- Waste water treatment programs
- Forklift support

**FACILITIES DON'T CLEAN THEMSELVES AND OPERATORS ARE NOT JANITORS.  
OUR CERTIFIED TECHNICIANS AND REPORTING ACCOUNTABILITY KEEP  
YOUR FACILITIES AND EQUIPMENT PRODUCING AND IN TOP CONDITION.**
